We had a very well attended Veterans Day program last Friday! The 6th grade class really stood out with their participation in music, especially our very own Landon Barnickel and Zach Marini, who performed our national anthem. Thank you to everyone who helped make this day special!

Basketball and cheerleading practices have begun. Check the athletics schedule to make sure you know when your team practices.

We are getting closer to auditions for Music Man Jr., our spring musical. We are holding general auditions on Monday, November 26th (first day back from Thanksgiving break). Callback auditions will be Tuesday, November 27th.

Our plans this week

6th Grade Religion

We will be reading lessons in the book of Joshua, Judges, and Ruth this week and next week. We are studying the time period after the Israelites' return to Canaan.

6th Grade Literature

We have read through the first half of the novel. We are going to spend some time reflecting on what has happened in the book so far and analyze its themes and message. We will begin the second half of the book later in the week.
