

# The Rogoz Review

Week of February 11th, 2019

Volume 5, Issue 23

## WHAT WE ARE LEARNING

Last week we began our unit on post office. We discussed what happens once you mail a letter or package. We also discussed a mail carriers job, stamps, letters and packages. Our classroom post office got quite the workout! Packages were shipped all over the United States and even Antarctica received a package (yikes)! Our visitors from Grove Dental showed us how to brush our teeth, discussed eating healthy foods and what happens when you visit the dentist. The children really enjoyed their interactive presentation!

This week we continue getting ready for Valentine's Day. We will be creating a Valentine man using several different size hearts. We'll be doing a very fun "Dancing Hearts" experiment involving baking soda, vinegar, and candy hearts! We'll chart our predictions and then we'll experiment! Valentine rhyming and discovering how many Hershey's kisses tall we are some other fun things planned this week. We wrap our week up with the class Valentine party on Thursday (10:15 - 11:15 am).

**Jesus Time:** :*"Oh give thanks to the Lord, for He is good."* Psalm 107:1

Last week we learned about Jesus healing a blind man. We understand that Jesus does listen, He does care about each of us, and He does answer prayers. This week we'll hear the story...Jesus Feeds the Five Thousand! It is amazing to learn that this is not a one time demonstration of God's care in providing for His people.

Through the power of the Holy Spirit, we can trust in our caring God to provide for all our needs; and we give thanks when He does!
