Week 30

Dear 2<sup>nd</sup> Grade Families,

Curriculum for this week:

- **Religion:** Continue learning about Jesus' miracles including when he calmed a storm and when He fed 5,000. These miracles prove Jesus has power over nature and our physical needs, which is always a comfort to be reminded of!
- **Reading:** Enjoy reading *Frogs*, by Gail Gibbons, as we learn about the life cycles of frogs and continue our theme of "Our Changing World"; practice differentiating between facts and opinions; compare and contrast frogs and toads.
- **Spelling:** Finish Unit 10 by taking our tests.
- **Phonics:** Practice reading words that end with a (consonant)+le final syllable.
- **Grammar:** Begin to explore the wonderfully descriptive world of adjectives.
- **Writing:** Continue learning how to write to compare and contrast.
- **Math:** Practice the -7 facts; learn how to divide both even and odd amounts into 2, and determine if there's a remainder; practice rounding numbers to estimate a sum as a way of checking; and measure with feet and inches.
- **Science:** Finish our unit on the Solar System by doing projects. We'll each choose an object to learn more about then do research and learn how to take notes.

Let's have a blessed short week in Christ, as we look ahead to some rest and relaxation over spring break!

*Home Connection: Our sinful self longs to be satisfied with God's Word! Challenge your family to have a daily Bible reading and in your prayers, focus on the many "good things" God has so richly blessed your family with. In class, we'll be looking at the 4<sup>th</sup> Petition of the Lord's Prayer from Luther's Small Catechism to help us think about all these blessings.*
