Week 34

Dear 2nd Grade Families,

Curriculum for this week:

- **Religion:** Finish Unit 6, Jesus' Miracles, with the lessons of Jesus walking on water, healing a sick boy, and healing a blind man. These miracles all showed Jesus' power over nature and illness and remind us that He is able to take care of us!
- **Reading:** Finish learning about fire fighters while we practice identifying main ideas and details; begin reading *Red, White, and Blue: The Story of the American Flag* by John Herman as we learn more about this important symbol, and practice identifying facts and opinions.
- **Spelling:** Finish Unit 13 by applying reviewing the long 'o' spellings of -o, -old, and -ow; practice words with silent letters, and take our tests.
- **Phonics:** Practice reading and identifying words with suffixes (-ly, -ful, -er, and -or).
- **Grammar:** Discover that articles (and, an, the) are a special type of adjective and practice using them.
- **Writing:** Draft our fiction narratives for our curriculum fair projects. We'll then begin revising them as we focus on character development, show don't tell, and using dialogue.
- **Math:** Practice and test the -9 facts and learn the x5 facts; add 3-digit numbers with regrouping; problem solve making an organized list; measure weight in pounds; and practice reading and showing mixed number amounts.
- **Social Studies:** Continue our unit on America's past and symbols as we learn about the pioneers and immigrants, practice using a timeline, learn more about our own family's immigrant ancestors, learn how federal and local government is structured, and explore some famous buildings in Washington D.C.
- **Curriculum Fair:** We can't wait to show you our Measurement Sculptures and our fiction narratives based on them! Join us on **Friday, May 6** from 6:30-7:30 in the gym to see our work!
- Begin our last round of MAP Testing for the year!
- Make a thank you project for the firefighters at Station 8.

Let's have a blessed week in Christ!
